Summer feels alright

Lyrics: Walter F. Binder
Arrangement: Masquerade

Verse 1

April storms are over
may is blooming fine
People getting ready now
for the summer sunshine show
The sweaters and the heavy clothes
are hung up on the boards
smiling faces you see now
in the northern worlds

Refrain

Summer sun is shining high
warming hearts and hands
Partytime is ev'rywhere
across the land

Verse 2

Many people pack their stuff
if they want to go
to some different place on earth
that they don't yet know
To the sea, to the mountains
do they drive their cars
live in tents, hutches or houses
some stay near and some go far

2 x Refrain

Summer sun is shining high
warming hearts and hands
Partytime is ev'rywhere
across the land

to some unknown land
some are cruising with a boat
to another lonely island
and others stay home
having bread and wine
when the summer sun is bright
they are all feeling fine
