What did we do wrong

Lyrics: Dan Heaven (Maria Pletscher)
Arrangement: Sign

Verse 1

Our first love is gone
now I'm always on the run
first I run away from you, than from me
you think we'll have a second chance
for a new romance
we were young and we were free
everything we saw was easy

Refrain

What did we do wrong
I thought our love was strong
what did we do wrong
I thought our love was strong

Verse 2

Was it the time who run away
or did we both find a new way
why is our love gone
or do I was wrong

Verse 3
I made a lot of faults because
I've had to much thought's
I always tried my best
but the life gave me the rest

Refrain
What did we do wrong
I thought our love was strong
what did we do wrong
I thought our love was strong

Verse 4
The time passed by and took us appart
that was real, real hard
I don't know where you are right now
The only thing I want you to show
maybe we've had the right love
at the wrong time

Refrain
What did we do wrong
I thought our love was strong
what did we do wrong
I thought our love was strong

Verse 5

If you hear this song, you know it is for you
my love for you was and is so true
so give us a second try, and promise you
our love will never go by
we can have a new start
and nobody will take us appart

Refrain

What did we do wrong
I thought our love was strong
what did we do wrong
I thought our love was strong
